

> Dear FCC, We have read the comments filed by Funds For Learning regarding the Eligible Services List for 2008. As a Service Provider participating in this program since inception, we have issues with the current situation with Basic Maintenance delivery during the July 1st through June 30th time frame. The applicants most likely to be funded for Basic Maintenance are the least likely to pay for the entire Basic Maintenance annual amounts up front and wait for reimbursement. The ramifications of the situation are as unfavorable to the applicant as they are to the Service Provider. Funds for Learning has taken the time to look into this and other important issues, and I support their recommendations in their entirety. I would urge the Commission to take the Funds for Learning recommendations under advisement.

Thank you,

Mike Beeman
